PRODUCT INTRODUCTION

ABOUT US

► COMPANY PROFILE:

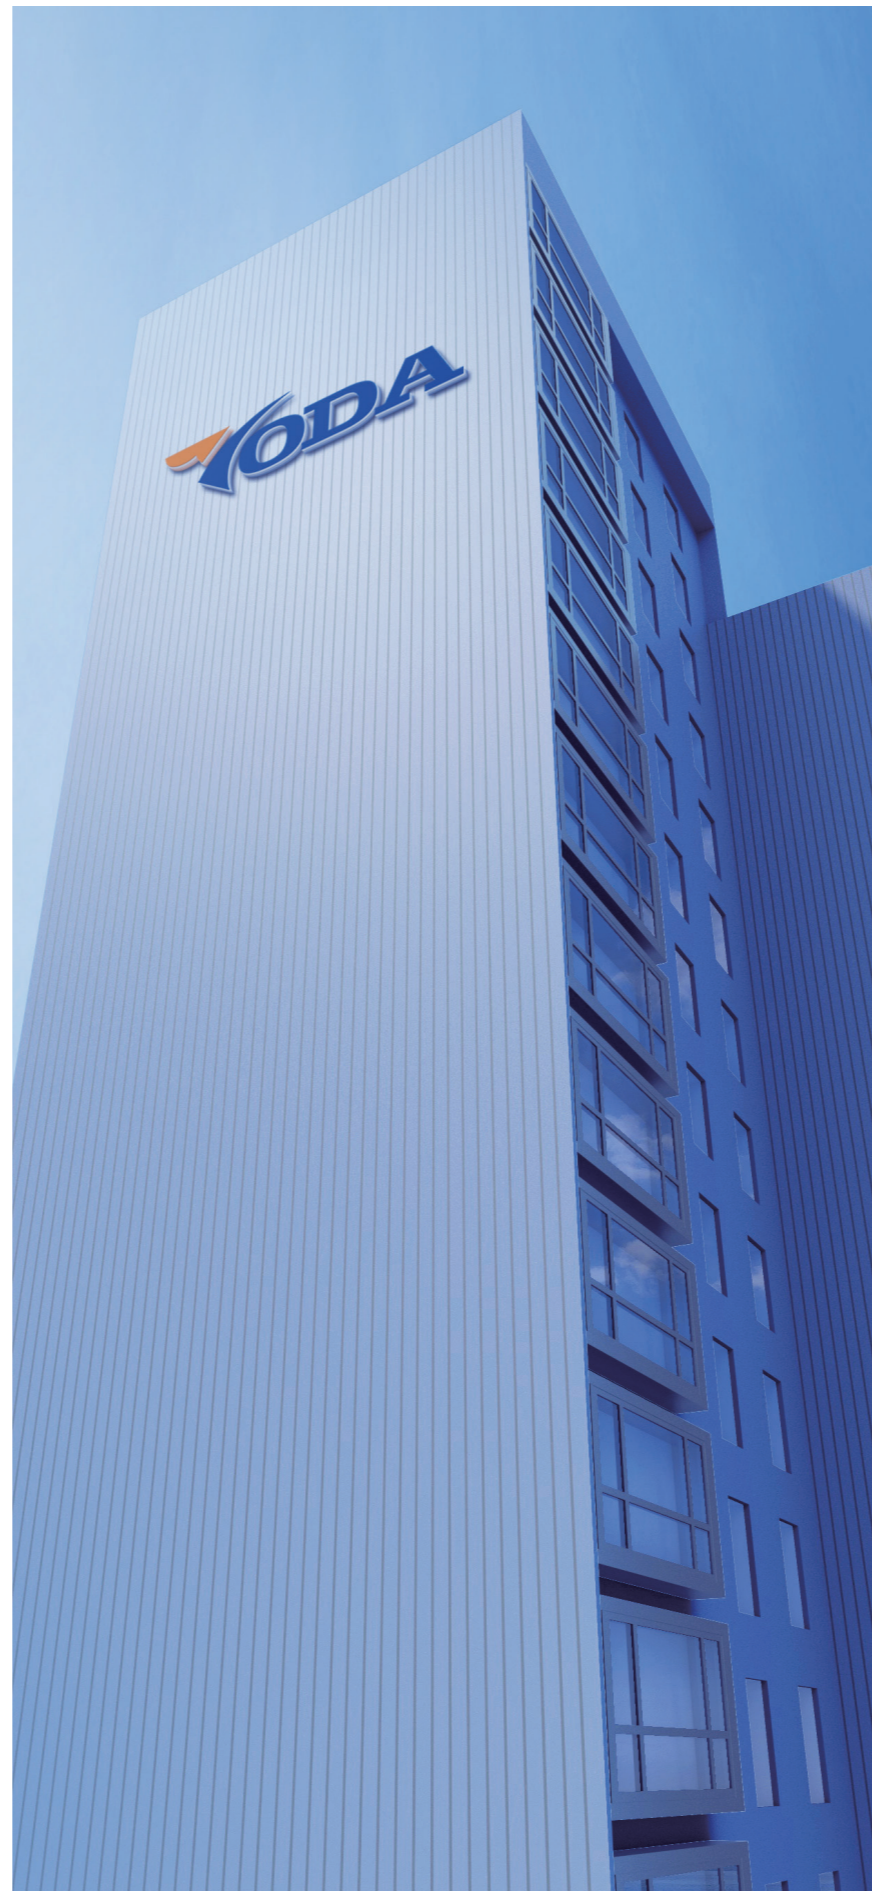

Founded in 2016 and headquartered in Shenzhen, China, YODA is a professional company providing reliable commercial display products and solutions to global customers. Committed to continuously providing global users with more convenient, smarter and more environmentally friendly commercial display equipment and intelligent interactive products as well as more intimate and efficient services.

► CULTURAL CONCEPTS:

YODA adheres to the concept of “quality first, customer first”, enhances value with product innovation, mainly focuses on smart interactive flat panel, LCD video wall, 98inch monitor and series indoor and outdoor digital signage as well as LED display. Product application fields cover: conference, education, security, industry, retail, gaming, public transportation, indoor and outdoor commercial display systems.

► QUALITY STANDARD:

Innovation achieves more possibilities, YODA continues to enhance product and brand influence according to market demand. Equipped with thousands of square meters of whole machine production and assembly workshops and a thousand-level dust-free workshop for product R&D and manufacture. YODA always adheres to the product quality standards in line with international standards, fully implements the ISO14001, ISO9001 and CQC various management system. The main products are in compliance with CE, FCC, RoHs, BIS, BSMI etc. international certifications, inspirational to be a world's leading provider of intelligent and information visualization solutions.
